OLE! GEORGE LUCAS SHOWS MONGO & GB THE WAY

EXCLUSIVE by Gupta Press

The Famous Corinthian Jedi signed their 2nd overseas player last week this time instead of going to Hull, the Jedi decided to look into Europe for a bigger fan base & marketing opportunities, we caught up with the Jedi's self appointed brand manager Fingers Watson for more information *"Yeah we've looked at the top football teams & how they all sign an average Asian player & sold bucket loads of shirts in the far east, so we've decided to go Spanish - we all like paella & tapas, & hopefully we can get a free holiday from Lucas. Also the Spanish aren't known for their cricket skills so we are hoping he makes us all look good!"*. In true Jedi style the new cap number 36 'George' Lucas Luna out batted 6 year veterans Mongo Jase & Growler Brown, so much for the master plan, it's back to the drawing board!

THE HEALING MAFIA v CORINTHIAN JEDI

Captain Toppo & the Healing mafia were the latest opponents for the famous Corinthian Jedi, the match was away at Healing with the Jedi now missing Caribbean Roy & Darth Moore who choose holidays over cricket!! Stand in captain Nicolas 'Nemo' Collins had the task of steering the Jedi to victory, but under his helm the Jedi have always struggled - the nice guy tag seems to be hindering the portly cricketer. The Jedi won the toss & decided to field 1st & chase down the Healing total, Sol Holliday was seen in the background shaking his head & the Jedi feared the worse. The Jedi had a new cap - No 36 'George' Lucas Lluna, Spanish George in true Jedi style liked the look of cricket but had never played, but all was ok as Mongo Jase took him aside & passed on all his cricket knowledge, 20 seconds later George was as ready as he ever would be!!

The Jedi opened the bowling attack with Sol Holliday & Kelly Kelly both bowlers bowled the maximum 5 overs, with Sol having a great spell again proving he's better with the ball in his hand instead of a bat, Sol took the 1st scalp of the night - Altoft with a safe catch by Mongo Jase, another maiden over, his 3rd of the season left Sol with impressive 2 wickets off 5 overs only going for 13 runs. Kelly Kelly had the down hill run to contend with on the Healing pitch, & after a few wide balls pulled his act together to back Sol up with the wicket of Ballard who he bowled for 7 runs. George Lucas's baptism of fire carried on after stopping the

Clarky's DIY Corner

How to fix everything properly

Episode No 10 - Windscreen Wiper

Hi DIY chums I've decided to stick with car maintenance again this week & help you repair the windscreen wipers, if your wipers stop working it's probably down to the wiper motor being burn out, this can be an expensive & time consuming job, & as you all know my time management is not very good so a Clarky quick fix is required - get a long piece of string & tie it to the wiper then pass it through the drivers window, through the car & out of the passenger window, then reattach the string onto the wiper, then you can pull the wipers left & right from the inside of your car - **Job Done!** Remember -Accidents, and particularly street and motorway accidents, do not happen - they are caused.

ball in the field he felt the pain in his hand for the next 2 overs (& still complained about it in the pub). After 10 overs Healing were on 44 runs, Nemo turned to the Darth/Luke partnership (father/son) of Mongo Jase & Padawan Robbie, Mongo had 4 overs going for 19 runs, while Robbie was having mixed fortunes at the opposite end, Sol went over to give the Padawan some 1 on 1 coaching but it seemed to add to the pressure Robbie was under rather than help! Overseas Mick took over from the Robster & got hit for even more runs than the Padawan (33 compared to 22). After much peer pressure Nemo finally took the ball & bowled the penultimate over getting hit for 10 runs, the final kamikaze over was handed to Fingers Watson who was bowling at Captain Toppo, this was an interesting contest that neither wanted to lose, Fingers was intent on taking the scalp of Toppo, but Toppo who had been on the receiving end of plenty of abuse over the last 5 years from Fingers was having none of it. Fingers did get a result in a run out of Irvine after a great throw in by Robbie, but Fingers felt it should have been caught by the Padawan. After such a promising start the Jedi had let Healing amass a total of 133 runs.

The weather was starting to look bad, could rain save the day? Nemo commanded that the Jedi had to go for it "sh*t or bust" said chunky Captain. The batting was opened by Robbie & Overseas Mick. Mick hit a boundary before being caught in the 2nd over for the 4 runs. Mick was replaced by George Lucas who had a unique batting action that was more Caribbean than Caribbean Roy, Mongo had taught George well as after 2 balls he hit his 1st ever run in cricket. Robbie was batting well at the other end, by the 3rd over George was on his way back to the pavilion after being caught for 1, Sol Holliday took over the batting duties hitting a single, & a six off 6 balls then after another ball heading to the boundary he was caught by a stylish catch, oh no another low score with the bat from Sol! Sol decided it was Nemo's fault for telling him to go for it, maybe the Jedi can dip into the club funds to pay for a shrink for poor Sol as the problem must be psychological - you don't become a bad batsman in one season. Wookiee Moore started well but after also scoring 7 was bowled by Godley, the ball was traveling so slow he could have stopped it hitting the stumps but instead watch it trickle to the target. After 10 overs the Jedi had actually scored 45 runs (1 more than Healing) but 5 wickets were down. M&M Watson back in the fold scored a good 6 runs but alas was bowled by Winship, a crisis was looming, Kelly Kelly & super batsman Nemo started to knock a good score together till Nemo was impressively caught & bowled by Winship. Fingers replaced Nemo wearing his new lucky pads, Kelly Kelly gave the Jedi brand manger a bit of advice "we've no chance just go out & enjoy it" this advice was short lived after Kelly was caught a few balls later. Growler Brown joined Fingers out at the crease but after Fingers hit a ball in the fielders direction, GB was galloping down the pitch, NO! Shouted Fingers but GB carried on running, Fingers decide it wasn't happening & Growler was run out for a duck, at least GB had something to rant about in the pub! Mongo & Fingers saw the 20 overs to a close, the only other incident was Umpire Daz stealing 2 runs off Fingers by giving leg byes after Fingers had hit the ball "that was for Growler" shouted the impartial umpire! The Jedi had scored only 85 runs - a moral victory with cricket the real winner. Back in the changing room Sol agreed with Fingers that there was no run for Growler - this nearly sent GB into cardiac arrest, & left the rest of the Jedi who ventured to Mucky's with a good ear bashing from GB , happy days!!

It's all about the technique

THE CORINTHIAN

It was pointed out to the *Corinthian* that serial hair dyer -Mongo Jase has been at it again, but this time his hairdresser has gone a bit mad & put too much colour on the Mongo Mop & it's gone to a shade of ginger!! & the carrot topped mofo now looks like Rumpelstiltskin

Sol Holliday took top honours this week in fantasy cricket after taking a couple of wickets & hitting a six, new Jedi signing 'George' Lucas got the man of the match after finding out how hard a cricket ball actually is & out scoring Mongo Jase & Growler Brown! Robbie batted well to score 13, Fingers running out Growler & scoring runs again got him 12 well earned points. Nemo Collins won the pink hat award but still out scored poor Growler Brown - who was run out for a duck but scraped 5 points back thanks to his cast iron pub attendance
